*By Donald J. Trump*

Hello, America! It's your Favorite President. ME!!!! Donald J. Trump. You might be wondering why I'm writing yet another Best-Selling Book, all by myself with nobody's help. Simple Answer. So simple. But still Very Important. Because Our Great Country is dangerously close to *Not* being great. Because Kooky Kamala illegally kicked Sleepy Joe out of the presidential election. NOT FAIR!!!! And because a few bad apples are putting together something called "Project 2025." That's why!

***TRUMP TIP: Liberals say that replacing a candidate in the middle of an election is totally fine. That no candidate is even official until they're chosen by delegates at the DNC. They say that's why Sleepy Joe Biden was referred to as the "presumptive" candidate & they say they've done nothing illegal. WRONG!!! Much wrong! So many wrong. But these are the same people who let 65,000,000 killers and rapists cross our Southern Border just this month alone, and they still won't lock up Hillary. No surprise. Horrible people.***

---

If you follow the Fake News at all these days, then you've definitely heard about this "Project 2025" thing. Whatever that is. I have no idea. Never heard of it until just now. I've read a bit of it and there's some good ideas, but so much of it is just terrible. At least that's what I'm told. Because I don't even know what it is.

According to the Lying Left, "Project 2025" is a massive Conservative Conspiracy. Run by the Heritage Project. Never heard of them. Anyway, they are supposedly writing a comprehensive action plan for my next presidency. From policies to executive orders. Apparently, their idea is to provide me with a solid plan to hit the ground running. Save America from itself, that sort of thing. Sounds nice but isn't. Probably. I wouldn't know.

***TRUMP TIP: Anyone who knows me at all knows how stupid this sounds. Really dumb. Chuck Schumer dumb. First of all, I have my own plans for the Country. Awesome plans. Believe me. No help needed. EVER!!! Secondly, have I ever given you the impression that I would actually listen to anyone else's advice, let alone take it? I can't even read a two-sentence statement printed on an index card without calling Mexicans rapists. And they want me to read a 900-page book on policy? Retards.***

---

Fake News keeps saying that I endorse “Project 2025.” Ridiculous. I’ve told them a hundred times that I don’t even know who is behind this so-called movement. Never met him. Whoever he is. Then they show pictures of me on a private plane with him. What’s that supposed to prove? Can you say Deep State? Faker than the news. They have pictures of me on Jeffrey Epstein’s plane too, but I didn’t know him either. Lame.

I saw a photo on Facebook of me kissing Elon Musk. Disgraceful. Not real. Looked real but not real. AI FAKE!!! It was sexy though. But fake sexy. The worst kind. Real sexy is good. Like Ivanka. Not fake sexy like Kimberly Guilfoyle. Sorry, Don Jr., but your girlfriend is not real sexy. She’s loud though, isn’t she? So loud. But her heart’s in the right place, so we like her.

MSNBC, or MSN-BS, as I like to call it. They say I must know all about “Project 2025” because over 100 of my former staff members have contributed to it. As if I’m suddenly the Ex-employee Police. Idiots. If I was the Police, I would’ve put a stop to all those Black Riots. In like two days. Simple. And we’d have a lot fewer Black Lives to Matter about right now, I can tell you that. And no one has done more for the Blacks than I have. Me strong. Violence cannot be tolerated. Only way to stop violence is by shooting it. Bing, bang, boom! I didn’t even know those so-called former staff members. Maybe met them once. I

meet a lot of people, you know? Hundreds every day. Probably thousands. Many good. Some bad. I can't know what all of them do on their days off.

Finally, I heard that this "Project 2025" is being called a Presidential Transition Project. *Transition?* Never in a million years. That sort of thing is fine for Caitlyn Jenner. Used to be Bruce. Cut off his manhood. Ouch. Now a woman. Very brave, they say. But I refuse to use pronouns myself. NOT ME!!!! My pronoun is rich & handsome. Very manly. Masculine. No transitioning here. Leave that to the WNBA and the drag queens. Just stay out of my restroom!

Now you can see why I had to write this book. Lies. Witch Hunts. Slander. And to show everyone that I don't need advice & policies from a bunch of unknown strangers. Even from strangers that I've met. And worked with. And socialized with. To show that I can do it all by myself. AND MUCH MUCH BETTER!!!!

I haven't lost a step since 2016. Not like Sleepy Joe Biden. I still have the biggest smartest brain. I still know all the best words. And I still know all the best people. Just not the ones writing "Project 2025." If that's what it's even called. I don't remember. Obviously.
